Learning Area: _____

Unpacking our Semester 1 Report Data

We always look at data without judgement. We may question, we may notice, we may wonder – but we don't judge. We aim to explore reasons for patterns in the data, and question "what, if anything, might we do to have a positive impact from here for our learners and teachers."

Look at your Learning Area data on the Year 7-12 Semester 1 Report data

Prompt	What I am noticing Be specific, note data points, percentages to refer back to	What I am wondering What was I expecting to see? What am I surprised about?	Talking Points / Actions with my team What might by suggestions for intervention / improvement?
Filter by your year learning area			
% of students A+ A A- No Result			
% of students Observation in comparison to whole school data			
Prompt	**What I am noticing** Be specific, note data points, percentages to refer back to	**What I am wondering** What was I expecting to see? What am I surprised about?	**Talking Points / Actions with my team** What might by suggestions for intervention / improvement?
Filter by your learning area and then by year level			
Year 07 Are there any significant differences -in - A grades? - Gender - N grades			
Year 08 Are there any significant differences -in - A grades? - Gender - N grades			
Year 09 Are there any significant differences -in - A grades? - Gender - N grades			

Learning Area: _____

Year 10 Are there any significant differences -in - A grades? - Gender - N grades			
Year 11 Are there any significant differences -in - A grades? - Gender - N grades			
Year 12 Are there any significant differences -in - A grades? - Gender - N grades			
Prompt	**What I am noticing** Be specific, note data points, percentages to refer back to	**What I am wondering** What was I expecting to see? What am I surprised about?	**Talking Points / Actions with my team** What might by suggestions for intervention / improvement?
Filter by your learning area, then by year level, then look for patterns in consistency between class assessment			

What is my one talking point that I might focus on in Term 3?
